

Shannon Model Flying Club

January 2007

Dear Member,

The 2006 committee has remained in place for the coming season.
The current committee is comprised of:

Chairman:	Liam Broderick
Treasurer:	Patrick Bolger
Secretary:	Richard O'Neill
Competition Sec:	Leslie Cowpar
Control Line Sec:	Phillip Jones
Glider Secretary:	Gerard Buckley
Helicopter Sec:	William Gaule
Safety Advisor:	Philip Hickey

A new position of **Maintenance Officer** has been created this year.

Phillip Jones has kindly agreed to take on this job. It is hoped that this position will help to streamline the annual maintenance of the club. Philip will be organizing work days throughout the year and the committee would be grateful if you could assist in the various maintenance tasks. More details will be made available in due course.

There has been no increase in the club membership fee for the past number of years and the club is again in the happy position of being able to hold the subscription at last year's level. The committee asks that all members submit their fees to the Treasurer **on or before the 28th February**.

Please bear in mind that current membership / insurance **expires on Saturday 31st March 2007**. Current members will not be allowed to fly after that date unless their club membership and **MACI Insurance** has been renewed.

Please complete the attached application form and return it to the Treasurer, Mr. Paddy Bolger, with your remittance. An envelope is included for your convenience.

I would be grateful if you could take a minute to complete the application form in full including MACI Number, Channel Number, etc. so that the club membership list can be kept as accurate as possible.

The next club meeting is planned for **Monday 26th March**.
Notification will be sent advising of venue, etc. closer to the date.

Yours Sincerely,

Richard O'Neill,
Club Secretary.
