

Club Fun-Fly:

Sunday - May 1st

The first club fun-fly of the 2005 season took place on Sunday May 1st after a false start the preceding week due to very bad conditions. The weather on the day was good, with bright sunshine, and a good turn out of club members made the competition very worthwhile.

There were a number of casualties (with some models mortally wounded).

The competitions included:

- Spot Landing
- Bomb Drop
- Four Up Longest Glide
- Pontoon

Please Note:

For convenience, Fun-Flys that are cancelled due to bad weather will be postponed until the following Sunday.

Leslie did an excellent job of organising the event which ran smoothly and was finished in reasonable time with no major delays between events. The bomb-drop mechanism (© Niall Nolan) operated flawlessly on the day.
